Drain position is wrong (of 5-16,  
justing them) that all were opposed  
to using the Barb  
except bst + Byrnes

Rather, all but they  
2) were willing to end the war  
before using the Barb

and (6) preferred to try to end it  
before SC actually entered

(even at "cost" of both  
public houses (possibly) we had  
released URS —

would not trust upward  
being as very criminals.

Grinsh - Japan was ready to negot

but on what terms?

A-bomb - to affect terms (4 in Europe)

Spent something of 1-term  
to shorten SU advance

(Unrealized?)

War could have ended earlier

(from US line - Indianapolis)

but at cost of: SU role in Japan

perhaps, departure from US

Failure - Europe

Stimson: 8 off, including <sup>SC</sup> ~~US~~ role?

Were A-bombs needed - or intended - to  
detonate on Secret State?

Have many could have been ready  
in two?

Who was Europe expected to be over?

Who did MP know as known project?

Why wouldn't 8th AF be sufficient  
detonate - if ex was possible?  
on assumption?!?

Wasn't A scheduled for Japan - at earliest?!
